

SECURITY BAG

Seals HQ Tamper Evident Security Bags are used daily in a wide range of industries including banks, foreign exchange companies, cash-in-transit, law enforcement, pharmaceutical, education and jewellery retailers and manufacturers. Our Tamper Evident Security Bags are packed with various security features ideal for storage and transportation of money, bank notes, cheques, confidential documents, medical reports, medicine and pharmaceutical products, controlled substances and many more.

Our Tamper Evident Security Bags are made from tear-proof, non-slip material and is easy to handle. The tamper evident bags are self-sealing with a Level 4 tamper evident tape. Each bag carries a unique sequential number. A tear-off receipt is included at the top of the bag and bears the same serial number as the bag. White writing panels are included for records and signature.
